SUBJECT: Telephone memo USEPA Region X- LPS/AL PSD  
Schedule

YOUR REF:

On March 27, 1980 spoke with Mr. R. Nye of the USEPA Region X about the Low Pressure Separation/Artificial Lift (LPS/AL) Prevention of Significant Deterioration (PSD) permit application review schedule. Mr. Nye felt the permit would not be provided until the end of June 1980. It was pointed out that I felt the end of May seemed more reasonable and an end of June date could cause the Unit serious problems. Mr. Nye felt the schedule could be shortened by a couple of weeks. The discussions ended with my promise to get back to him once the Unit was notified.
